

The world of INFOGRAPHIC EVENTS

Infographer started as a blog in 2009, now a successful special design agency. HQed in Moscow, with offices in Singapore and Hamburg. We design for analysts, we analyze for designers.

Join our team, or be part of our community!

Blog infographer.ru collects infographic events throughout the world. For your convenience we have combined all the conferences and workshops across continents with up-to-date schedule data. If you see a line end in the space - it means that location or exact date is not yet announced. We are updating this map in a regular basis to serve you the actual schedule. Mistake found, or update not in the list? - drop us an email to dio@infographer.ru
